

I am sending this in order to keep the K-Love radio stations on the air. K-love has given me a positive environment in an otherwise negative world. It allows my children something positive to listen to and to keep them focused on the positive things in life. If K-Love were to be replaced, I feel that would be a very negative impact on myself and my family. There is entirely too much negativity in the world today with all of the killings, rapes, stealing, etc. and children today have an excessive amount of exposure to this things. K-Love helps children (and adults) to learn that there are positive happenings in the world, that there is hope in life, that they matter. Please hear my petition and keep K-Love on the air.

Thank you for your time.
